Q3: 2018 THE GOOD NEWS

365 Black History: ROYAL REVIVAL!

KIDPRENEURS ARE LEADING THE WAY!

Mikaila Ulmer Age: 11

Founder: Me & the Bees Lemonade Twitter: @MikailasBees Who knew that being stung twice bee's would lead to an amazing kidpreneur!? By Me & the Bees Lemonade, a flaxseed- and mint-infused beverage that is sweetened mainly with honey from local honeybees. For each bottle sold, Mikaila, who prefers the title "queen bee" over CEO, donates a percentage of the profits to organizations working to ease the plight of the bees, including her home state's beekeepers association.

Jeremiah wanted to inspire his own peers and kids of all ages to be great. The teen motivational speaker, currently the youth commissioner of his home city of Long Beach, Calif., launched <u>his clothing line</u> in 2009. First came the online store, then the brick-and-mortar location, and the sales have kept the brand going and growing.

Jeremiah Jones

Age: 15

Founder: <u>JYoungin Education</u>

Twitter: @Jyoungin4kids

Caleb, Ima & Asha Christian Ages: 14, 16, 15 Founders: Five-O www.pinetartinc.com Concerned by the many incidents of police brutality in the news from Ferguson to New York, 14-year-old Caleb Christian knew something more needed to be done. In order to separate the good officers from the bad, he set out to develop the app Five-O with his two older teenaged sisters, Ima (16) and Asha (15) Christian. Five-O allows users to rate, review, and document interactions with local law enforcement, and can be downloaded on Android devices. They also founded the mobile app development company Pinetart Inc, using the coding skills they developed in MIT's k12 Scratch and App Inventor programs.

#WeGiveBecauseWeCare #365Days@wgbwc365

#WeGiveBecauseWeCare #365Days is the community organization turned 501(c)3, created by S Cubed Productions, LLC, to provide a luxury atmosphere to inner city teens as we groom their minds, hearts and spirits to recognize that they are our future leaders of the World. We want to impart important social and personal values that will leave room for their individuality. We want to give back not just for a season, but #365Days a year.

#WGBWC365 partnered with #BecauseWeCarenyc to further extend services to the community via non formal #Free Pop Ups throughout the NYC Tri-State area to men, women, and children that are in need. We will continue to serve and create a sense of Hope For Humanity by providing a sense of unity in the community.

2018-19 Sponsorship Opportunities

- ❖ 5 Year WGBWC365 Celebration Dinner/Brunch

PLANT THE SEED & BURY THE TREASURE by SDP

PLANTED UNDER COVER by Pastor Tim Ross of Transformation Church

Text:

Matt 3v13-17

Matt 16v22-23

Luke 5

A seed must die under cover because we want what the seed produces. The plant begins to grow from the seed that is under cover and what we see is the result from what's going on under cover. That very same plant will thrive because of what's going on at the root which is under cover. The plant that is not uprooted, but remains under cover, will continue to progressively produce.

Jesus was covered from Heaven from God and then was covered on Earth from John the Baptist. Jesus then covered his disciples.

Jesus exemplifies the True Apostolic Covering that we should practice in the church. I'm blessed beyond measure to be a member of a church that carries this same example, <u>Elements Church</u>. But what exactly does this mean?

Well, simply put: Each one should teach one. True Apostolic Covering is with you during seasons of faith & denial; growth & regression. It is not present for your gifting but there for your weakness. Is more concerned with unity in Christ over the popular vote.

True Apostolic Covering does not harbor a Jezebel spirit, creating a strained relationship. This relationship should release and restrain accordingly, to provide healthy foundations for growth.

Amen
